Alberta, according to the census returns, made the greatest gains in population of any of the provinces during the past ten years. The increase in Alberta was 410 per cent. while Saskatchewan, which ran and increased 20 per cent. In that time, while the United States increased 20 per cent. The farmers are the class which has built up this remarkable population gain for Western Canada.

A TALK TO ADVERTISERS

We uotice that a large number of business men, 'who advertise in their local paper, not only in this town but not only in this town but every other, making the big smitake of letting their advertisements in their local paper, run too long without changing. Advertising pays and invariably brings results, but not town the most of the second who neglect to change regularly at least every two weeks. It is just this that sills advertising. He was a stranger in New York, and tecause of his natural reserves and relicence he had not yet been discovered whose lostiques of the property of the whose lostiques it is to pray upon the guiletess newcomer and separate blur from his money. As a mutre of fact, Dick Levis had renounced cards and night in a Gold Creek mining camp when he had witnessed the billing of three men over a game of body

There was no one to know that he was a stranger in the city—a raw west-crace who had made a lucky strike in Nerada and who had come to the great metropolis to see iffe and to spend his money. So far he had been safe.

As he looked down at the continuous stream of automobiles and carriages in the broad avenue, at the multitude of strangers, a sense of loueliness assailed bim for the first time since his arrival. He turned from the window and picked up the morning paper. "If this is all there is to New York."

"If this is all there is to New York," he muttered grimly, "I guess I'll hike back to Gold Creek and settle down in

Kodaks and Supplies

The policy of any store is a matter of impor-tance to every customer of that store. Some re-tailers buy always in the cheapest market. Our policy is to buy rather in the dependable market, to stock goods that we can hand with confidence to our customers. For instance: In the photographic line to the beautiful properties of the properties of the con-customers. we cleave to the Kodak goods, because we are sure they are right. Folding Pocket Kodaks, \$10 to \$20.
